Report Working Ministry in Phnom Penh Cambodia

Dear Brothers and Sisters,

Hello our brothers and Sisters from Phnom Penh Cambodia! How are you today? I hope you & your family are doing fine. For myself & Family, We are doing very well. I pray that you can remember us in your prayer. And thru your prayer, we can save a lot of life in Jesus. Thank you so much for all your supporting for our Ministry in Cambodia & Please continue to pray for our ministry what we are doing in our country as well. I am very appreciated for all your helps & your supports. May the Lord Jesus bless our brothers and sisters for what you guys are doing for the Lord's ministry...Amen!

Mosquito net & Family Water Filter Ministry Project

Dear Brothers and Sisters in Christ. For this newsletter part two, I would like to represent you about our Ministry around Cambodia. In 2017, I met missionary from Australia, his name Brother Bao. This man is working in China many years there. Anyways, we have been discussed about ministry about How to help Church Pastors and Church Leaders to outreach more people in Jesus Christ. I shared with brother Bao about what I am doing and working with many Church Pastors & Church Leaders in Cambodia, I just want to help them to work together to help and supporting what they are doing for the Kingdom of God in Cambodia.

In 2018, Brother Bao supported 1,000 Mosquito nets & 100 families filter. So he bought mosquito nets & Family filter from China. For these gifts, we used for Ministry in Cambodia for what we are doing for the Kingdom of God in this Country. So I contacted the Church Pastors and Church Leaders to let them know that, we have mosquito nets and family filters to give to them if they want to use these things as tools for sharing Good News about Jesus and in the same time we can blessed them to give a gift to the poor family who really need what we have. So many Church Pastors and Church Leaders contacted me and I gave Mosquito nets and family filters to them... After they received nets and filters from, they used it for sharing Good news about Jesus and helping the poor people in the same time. They also told me that they have many people knowing Jesus and believing in Jesus after they heard about Jesus last year... This story made me very happy but I did not ask them in details about the numbers of people who believed Jesus from last year...

What made me so happy from last year is. First is, Church Pastors & Church Leaders were working as team and they know what we are doing for the ministry of the Lord in this Country... So I have connection with them as friends and we still continue working together for God's ministry. Second, I know more Church Leaders and Pastors are not only in Phnom Penh But many Church Leaders and Pastors at the Provinces as well. Third, what made me more happy is, a lot of people know Jesus and believed in Jesus thru this project ministry what we are doing together...Thanks.

Again, in this year 2019, I contacted Brother Bao and asked him to continue to support this project again. So he answered my request and supported 2,000 Nets and 200 Family filters. So I received the Mosquito nets and Family filters on March 22, 2019. I am also doing the same thing like last year, I contacted Church Pastors and Church Leaders, and I gave them all what they requested me. All of them were very happy when they received mosquito nets and family filters from me. For 2,000 nets and 200 Family filters that I gave to them is started from March 26 until now, many church Leaders and Church Pastors called me and sent me reported pictures about ministry in Phnom Penh City and also at the Provinces too, they said... some home churches have around 50 people believed in the Lord Jesus and other churches have 70 and over 150 people believed in Jesus after they heard about the Gospel that Pastors and Leaders shared about Jesus... Pastors and Leaders called me with joys in their conversion with me on phone and it made me also felt very happy as well.

Anyways, Brothers and Sisters in Christ, after I received 2,000 Nets and 200 Family filters from brother Bao and cooperated with local church leaders and church pastors to distribute these donations a tools to share the Good News about Jesus to the poor people from different places. As a result, after I counted the total number of people believed in

Jesus is over 1,000 people. Thank you Jesus for Your Love and Care to the Poor people and bring them home into your Mercy Hands again... Amen!

Dear Brothers and Sisters, Please help take a look at the reporting Pictures of Mosquito Nets and Family filters that I am doing to show to you... I hope you enjoy it... Thank you!

***** *Prayer Request:***

For our prayer request of newsletter part two, I would like our Brothers and Sisters to pray for new believers in the Lord Jesus, May the Lord bless those families who believed in Jesus have their faith stronger in God's way. Pray for all the Pastors and Leaders have more time to taking care of people who believed in Jesus...Amen.

Dear Brothers and Sisters, I hope you enjoy what I just represent to you from Newsletter Parts 1-2. I pray that you still remember us on your prayer and continue to pray for us about ministry of the God in Cambodia. Please continue to help us for the Water filter project at Ang Dong Slum Community as well, So without your help and support we can't make all this good things happening in Cambodia about the Ministry of the Lord here. Thanks.

Again, Thank you so much for all your help and Support.

May the Lord Jesus bless you and your family....Amen!

Best Regards,
Blessings,
Puthree James Sann
