Facials for the Teens

Ango and Asui's Orphanage did 20 Facials for the Teens. The Teens had not had this before. When you survive on 15 dollars a month, a facial is not a something you have. It was their first and the teens loved it. Again the work that Ango and Asui do is great.

Special Thanks to Jim Chee Pho, Who donated the "Nano Gold Face Cleansers"

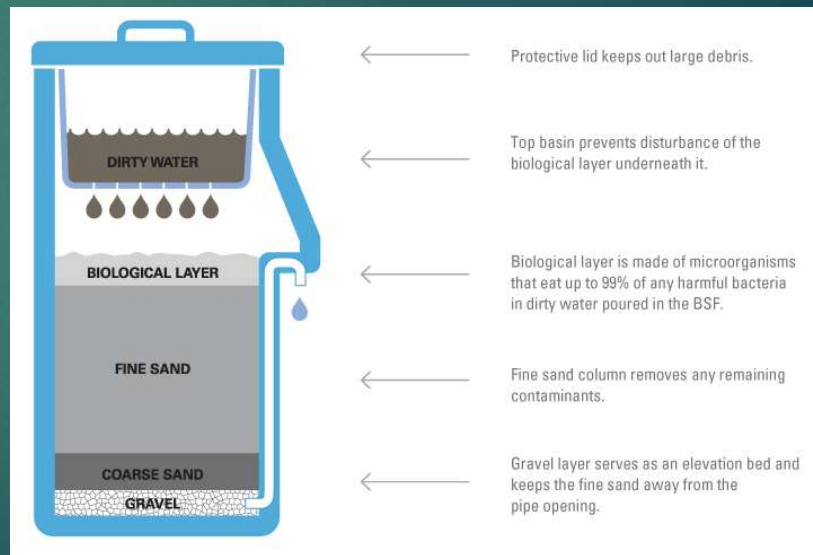

Water Filters update....

Thank you to the women's Ministry in Edmonton who donated \$500 Dollars for the project. We are currently pursuing "Permission" to place our filters on a property of a "French Mission Group". We are optimistic that they will give us permission.

Currently, they use this for their water

We plan to build this

And now our main and first big
project for 2015.....

Early Christmas Party 2015

Christmas Party for the Slum in Stung Mean Chey

We were very late on our Christmas party last year, but this year, we are very "Early". This year is was made possible through "Sandy Anderson". It was through Sandy that this Gift giving was made possible.

Sandy came and visited our Cambodian Jungle all the way from Texas! He's also a nice guy with a great Sense of Humour! Sandy is a Godsend!

Sandy Anderson

The Slum in Stung Mean Chey Phnom Penh

Most of the people who live here have an income of about \$30 - \$40 dollars per month. They do without many basic necessities. Thanks to Sandy, and through James (Well of Life Foundation), we were able to bring some of these items.

- ▶ As usual James knows what is needed. He put his heart into it as always!

Brand New Toys

First for the kids, we gave out BRAND NEW TOYS, STUFFED TOYS and Candy.

Again, this is a luxury that they do not usually receive.

But first, Sandy and James spread the Good News.....

And Brian Led some songs

And the Dog was happy as well.....

With "Tickets in Hand", away we go....

And as Usual. James Pre handed out preprinted tickets days before, so everything was organized.

Christmas
came
early this
year for
these Kids!

Most of us
take our
cooking
stove for
granted.
Most people
in the slum
cook their
food like
this:

And for the Adults.....

We were able to Donate/Give the joy of a cooking stove along with Lunch, Desert and the Facial cleanser

(Thank You again Jim Chee Pho for the Facial Cleansers).

And with each event in the slum, we are getting much better at organizing and lining everyone up!
